## ELAIN — VINCENT VAN DUYSSEN 2018

1—  
2

Elain, is a cosy, curvacious, little armchair designed to fit easily into any setting. Consisting of just two parts, a seat and a backrest, which come together to form a perfectly rounded object that invites you simply to sit down. Ideal for use alongside sofas also designed by Vincent Van Duysen, or even on her own as a comfy armchair or with a twin to create discreet little conversation corners. Elain is not just a stay at home chair but one that loves to make an appearance in public hospitality spaces such as hotel or office lobbies. Whether upholstered in quality textiles or in soft leather, Elain is always herself: a pretty, sophisticated little chair, featuring snug, welcoming lines, thanks to the padded seat and back.

This symbol shows that the product has removable upholstery. Only qualified personnel can remove the upholstery of some of our products. If this information is pertinent, it will be included in the warnings section.

This symbol shows that the product is available on request in a fire resistant version that complies with the standards BS 5852 and TB 117-2013. The buyer is responsible for checking to make sure that the product is suitable and compliant with the requirements for the designated use and the current applicable laws and standards for the destination and use of the product.
