KENSINGTON —
RODOLFO DORDONI 2018

Kensington is a relaxing armchair with enveloping lines and calibrated proportions that you can simply sink into when you want to chill out or have a chat with friends. The all-in-one frame, complete with generous armrests, supports an ergonomic seat that guarantees comfort. The central four-spokes is designed to support the slightly sloping frame for greater comfort. Two versions, tall and low, and a practical footrest complete the collection. The Kensington armchair offers a high degree of personalisation, given that the leatherclad outer shell can be combined with the inner frame, also clad in leather, for a refined mono material effect. Alternatively, a pleasing contrast can be obtained by matching the leather-clad shell with an inner frame covered in one of the fabrics from the exclusive Molteni&C collection. With their refined elegance, these elements help to create intimate conversation areas both in the home and in hospitality spaces such as lounges, waiting rooms and executive offices.

This symbol shows that the product has removable upholstery. Only qualified personnel can remove the upholstery of some of our products. If this information is pertinent, it will be included in the warnings section.

This symbol shows that the product is available on request in a fire resistant version that complies with the standards BS 5852 and TB 117-2013.
The buyer is responsible for checking to make sure that the product is suitable and compliant with the requirements for the designated use and the current applicable laws and standards for the destination and use of the product.
