TEA — JASPER MORRISON 2021

1—
2

With Tea, Jasper Morrison redefines the concept of seating in a contemporary way, adapting it to all types of furniture, with stability and practicality being of primary importance. The structure, completely made of solid wood, outlines and reveals the profile of the chair in its entirety. The seat and backrest, designed to highlight the personality and enveloping features of the project, are available in the entire Molteni&C textile and leather collection.

This symbol shows that the product has removable upholstery. Only qualified personnel can remove the upholstery of some of our products. If this information is pertinent, it will be included in the warnings section.
