## LUCAS — VINCENT VAN DUYSSEN 2018

Perfect proportions, materials and elegant manufacturing processes, care for individual details: each single element contributes to the calibrated uniformity of lines and volumes for a surprising reinterpretation of the living room with a modern twist. Lucas is a complete programme of seats with elegant proportions and reassuring lines, elements that underscore Vincent Van Duysen's expressive rationalism. Sophisticated in its simplicity, Lucas marks the return to a traditional design language that blends aesthetic quality and emotional comfort. A single seat cushion gives this pieces an image of light weight, accentuated by the essential, almost floating design with cast aluminium feet. This a super-comfortable way of relaxing in the most luxurious, welcoming and captivating living room.
