The iconic and innovative Boboli armchair by Vincent Van Duysen is characterized by light and airy lines, adapting seamlessly to outdoor environments. The Boboli family includes a two-seater sofa, a new important addition to the outdoor Collection, with an enveloping and welcoming design that complements the generous and sensual shapes of the armchair. Boboli features a solid teak wood frame and seat. The backrest features a handmade weave of polypropylene fiber ribbons in ecru, creating a natural effect and embodying superior craftsmanship. Customizable seat and back cushioning in various fabrics and colors from the Molteni&C Outdoor Collection curated by Marta Ferri are integral part of the armchair and sofa.

The product may be used outdoors but requires particular care in the event of rain (see price list maintenance and waterproof cover)
