MANDRAGUE — FERRUCCIO LAVIANI 2012

1—
3

Mandrague, halfway between the classic bergère and the “pop art” armchairs of the 1960s. An armchair with enveloping forms, designed to create an intimate space where you can cut yourself off from the outside world. It features a calibrated proportion between thicknesses and connections with the curved lines. The tubular steel frame is covered with injected cold foam and the fabric or leather covers are fully removable. With a fixed or movable base, to satisfy all needs. A hide leather version completes the product range.

This symbol shows that the product has removable upholstery. Only qualified personnel can remove the upholstery of some of our products. If this information is pertinent, it will be included in the warnings section.

This symbol shows that the product is available on request in a fire resistant version that complies with the standards BS 5852 and TB 117-2013. The buyer is responsible for checking to make sure that the product is suitable and compliant with the requirements for the designated use and the current applicable laws and standards for the destination and use of the product.
