

EMILE — CHRISTOPHE DELCOURT 2025

1—
5

Designed to meet the diverse needs of contemporary living spaces, Emile's aesthetic rigor is manifested through distinctive graphic signs, which run along the sides, front, and elegant backrest. Emile offers a range of comfortable and soft connectable modules, allowing for the creation of customizable configurations: face-to-face, circular, or semicircular seating arrangements, or more linear configurations. All are characterized by direct seating and united by a sense of movement, created by the varying heights of the backrests and the adjustable seat depths. The use of large loose cushions allows for comfort to be tailored to the preferences of each guest.

This symbol shows that the product has removable upholstery. Only qualified personnel can remove the upholstery of some of our products. If this information is pertinent, it will be included in the warnings section.
