

TIMEOUT COLLECTION

GREEN POINT —

VINCENT VAN DUYSEN 2022

In the seating, the theme of the band of burnished painted Aluminum, the fil rouge of the Collection, is taken up again in a more leisurely rhythm to create the structure. The bending of the band draws the shape of the backrest and sled bases, with dynamic, agile and with no corners. A dense, handcrafted polypropylene rope cover is woven onto the metal frame. More compact in its seating dimensions, the stool from the Timeout Collection has a slender structure, characterised by a flat band in burnished painted Aluminum with no corners. Seen in profile, the slender thickness of the band gives the stool a delicate, airy silhouette, contrasting with the dense, textured upholstery in the traditional weave pattern that characterises the entire Timeout Collection. A multipurpose element with an accentuated horizontal nature, the bench lends itself well to the freedom of use and mobility inherent in outdoor furniture.

The product may be used outdoors but requires particular care in the event of rain (see price list maintenance and waterproof cover)

The product is sent in multiple packaged and/or flat packed
