## D.355.1 - D.355.2 SUSPENDED BOOKCASES — GIO PONTI 1956-57 / 2016

1—  
2

This year the Molteni&C Collection designed by Gio Ponti is enriched with the D.355.1 hanging bookcase, an object that the great Milanese architect was to re-design several times over the years, re-fashioned in the version for his Via Dezza house in Milan, with an elmwood finish, hand-painted white, 240 or 195 cm long, with two partitions that recall the bookcase in the 2013 Molteni&C catalogue.
