

Molteni & C

ARMAND — CHRISTOPHE DELCOURT 2026

1—
2

The Armand armchair is a compelling combination of leather craftsmanship, fine woodworking, and sculpted polyurethane padding. The enveloping leather backrest extends to form the arms, supporting the solid wood legs. Elegant and well-proportioned, the legs introduce an expressive structural detail to this sculptural armchair design. With Armand, Christophe Delcourt signs an armchair for Molteni&C that reveals absolute technical mastery and an exceptional level of sophistication, with every constructive detail contributing to a coherent and timeless vision.

This symbol shows that the product has removable upholstery. Only qualified personnel can remove the upholstery of some of our products. If this information is pertinent, it will be included in the warnings section.

This symbol shows that the product is available on request in a fire resistant version that complies with the standards BS 5852 and TB 117-2013. The buyer is responsible for checking to make sure that the product is suitable and compliant with the requirements for the designated use and the current applicable laws and standards for the destination and use of the product.
