Sutton is a small armchair featuring soft lines, designed to welcome the body and offer maximum comfort and relaxation. The back and arms are designed as a continuum that embraces both the sitter and the comfy seat with its additional little loose cushion. The frame ends with four slender legs covered in the leather variants of the Molteni&C range. Sutton can be upholstered with textiles or leather, choosing from the proposals of the huge Molteni&C collection, and it is suitable for any room in the house, either in pairs, or as a complement to a comfortable sofa in the living area.
