

Molteni & C

SOUTH KENSINGTON — RODOLFO DORDONI 2019

1—
2

South Kensington, London's trendy district, home to the Victoria & Albert Museum and now to Molteni&C's new and prestigious Flagship Store, inaugurated at the beginning of this year, lends its name to the Milanese architect's latest design for Molteni&C. The idea was prompted by the successful launch of the Kensington armchairs at last year's Salone del Mobile in Milan.

An all rounded sofa like the futuristic 2001 Space Odyssey, a design that was all the rage in the 1960s, but with a contemporary look.

This symbol shows that the product has removable upholstery. Only qualified personnel can remove the upholstery of some of our products. If this information is pertinent, it will be included in the warnings section.

This symbol shows that the product is available on request in a fire resistant version that complies with the standards BS 5852 and TB 117-2013. The buyer is responsible for checking to make sure that the product is suitable and compliant with the requirements for the designated use and the current applicable laws and standards for the destination and use of the product.
