SWAY — YABU PUSHELBERG 2024

1—
6

In a groundbreaking move, Molteni&C introduces the Sway, a modular sofa system for outdoors, envisioned by the renowned Yabu Pushelberg. Merging a love for nature with mastery in design, the Sway modular sofa redefines outdoor spaces with its unparalleled versatility, and fluid forms. The Sway system comprises eleven modular elements orchestrated in a symphony of shapes and wavy lines. This includes two chaise lounges, two sofas of different sizes (255 cm and 170 cm), a corner module for intricate arrangements, a central element, four side terminals, and a comfortable island for complete relaxation. The elements emerge from a teak base, providing a sturdy foundation for the ergonomically designed seats that ensure optimal comfort. The aluminium backrest, softened by polypropylene rope weaving in refined ecru, adds a touch of elegance. The flat rope chosen guarantees a soft and pleasant texture, akin to that of cotton. A golden-hour C-shaped aluminium side element acts as an anchor, delicately embracing the base and padded seat while serving as a pivot for the backrest. Aluminum, resistant and corrosion-free, is also employed for Sway's feet. Frontally, the foot follows the thin profile like the backrest structure, while on the back, it is exposed on the wider side, echoing the width of the C-shaped hook used for connecting the base, seat, and backrest. The Sway pouf, with its compact dimensions, encapsulates the principles and technologies applied to the modular system. Whether used laterally, centrally, or as a versatile addition, the pouf complements the system, offering sophisticated outdoor furniture solutions for various occasions. A series of coffee tables, available in three sizes, features the same aesthetic motifs as the Sway family, presenting a harmonious and customizable addition. The introduction of tatami made with polypropylene weaves and a ceramic shelf adds decorative and functional possibilities to the teak tabletop, allowing for personalization according to the occasions and season.
