45°/TAVOLINO — RON GILAD 2012

1—
3

45°/Tavolino by Ron Gilad, underlines the designer's interest in basic geometric shapes. 45°/tavolino. Series of small tables with extra-light transparent crystal top, available in various sizes and marked by both a monochrome finish, american walnut or black oak, and by a bi-colour finish. Complex but essential shapes, "open box" table, of which we can only see the contours, able to integrate into all furnishing solutions with character.
