## D.552.2 SMALL TABLE — GIO PONTI 2015

1—  
2

Architecture, a pan virtuosity, acrobatic proportions and an intersection of joints. An infinite table which is a geometric dialogue between the glass and rosewood – lightness and abstraction distilled. D.552.2 small table, in wood with a glass top, designed for the American company. The D.552.2 small table, made of solid rosewood with satinized bronze legs and an ultra light transparent triangular top, belongs to this collection destined for the American market. The revision of the D.552.2 table curated by Molteni&C is part of the Gio Ponti Collection.
