## GLOVE — PATRICIA URQUIOLA 2005

1—  
2

A technical structure with strategic padding is stretched by a light metal structure. Patricia Urquiola's idea brought about a whole line of seats, aerial elastic surfaces providing pure comfort. Leather or fabric: fluid shake and continuous profiles where the detail of a curve creates a silhouette without any additions or accessories. Impeccable display of minimalism.

NOTES

The closing zip located on the back of Glove chair is an essential detail to outline the silhouette of the object. The zip is available in two colours: black and white - Molteni&C decides the most suitable colour combination for the various fabric and leathers types and colours in the collection. Any requests for a specific combination (black or white zip) must be specified when ordering.

**TECHNICAL INFORMATION**

STRUCTURE

Steel folded and welded with protective paint.

SEAT

Frame of thermoplastic material with inserted element of polyurethane foam.

FEET

Non-slip plastic.

REMOVABLE OUTER COVERS

(See attached card, specific for each cover).
