505 UP SIDEBOARD —
NICOLA GALLIZIA 2021

505 UP Sideboard is the natural evolution of 505 UP in its process of simplification and interpretation of contemporary living requirements. A sideboard with a thousand nuances, like the many variants and combinations of its front pieces. As versatile and functional as 505 UP System but with dedicated depth and a dual option for the base: floor standing plinth, or metal base for a lighter and more aerial version. 505 UP Sideboard experiences the house in all its facets, from living room to dining room, from bedroom to the entrance, the custom solution for every situation and spatial need.
