Reversi '14, designStudioHannesWettstein:StephanHuerlemann&SimonHusslein, amodular, linearsofawhich builds on previous experience in a project that keeps pace with current trends. A demand for more softness, wide armrests, and high-tech padding. The seating depth is adjustable thanks to the movement of the backrest mechanism, and allows you to create, both a workspace and a welcoming relaxing space in a single sofa.
