Drawer unit
Clay matt lacquer

Top
Clay coloured glass

Colors are to be considered as purely indicative

This is a line of modular chests of drawers whose elements can be used individually or combined to form a large container unit. It's a re-invention of the chest of drawers, standing between the rational and the traditional. Top in coloured glass, wood, glossy lacquered, matt or open grain lacquered. Drawers fronts in glossy lacquered, matt or open grain lacquered. A particular version with a refined open compartment and an aluminum structure supporting the drawers. Great care has been taken with the exterior matt or open grain lacquered finishes.
